As you look through the pages of your 1975 Eagle, we hope that you will get some pleasure out of the memories of the last year. It is impossible to please everyone as their expectations will differ. It is also impossible to cover everything in a school year. We hope that you will get much enjoyment out of your book.

She

inspires beyond equations . . .

There is a time in everyone's life when you know a person who really doesn't receive the appreciation they deserve. Someone who cares and works behind the scenes. Never ambitious for praise, she makes us feel that we accomplished it all, independent of her help. Our relationship wasn't always so smooth. Because we were eighth graders, WE broke her pencil sharpener. We were shameless goof-offs and headaches. As we toiled through many of her classes and discipline lectures, we grew fond of her. (But we never did get used to the classes and lectures!)

A teacher who is so concerned about all of her students that she worries when they don't understand or care. One who feels sorry for each person whose grades just can't make the Beta Club. One who takes time to give individual attention to her students. She sincerely asks, "What can I do to make you understand?"

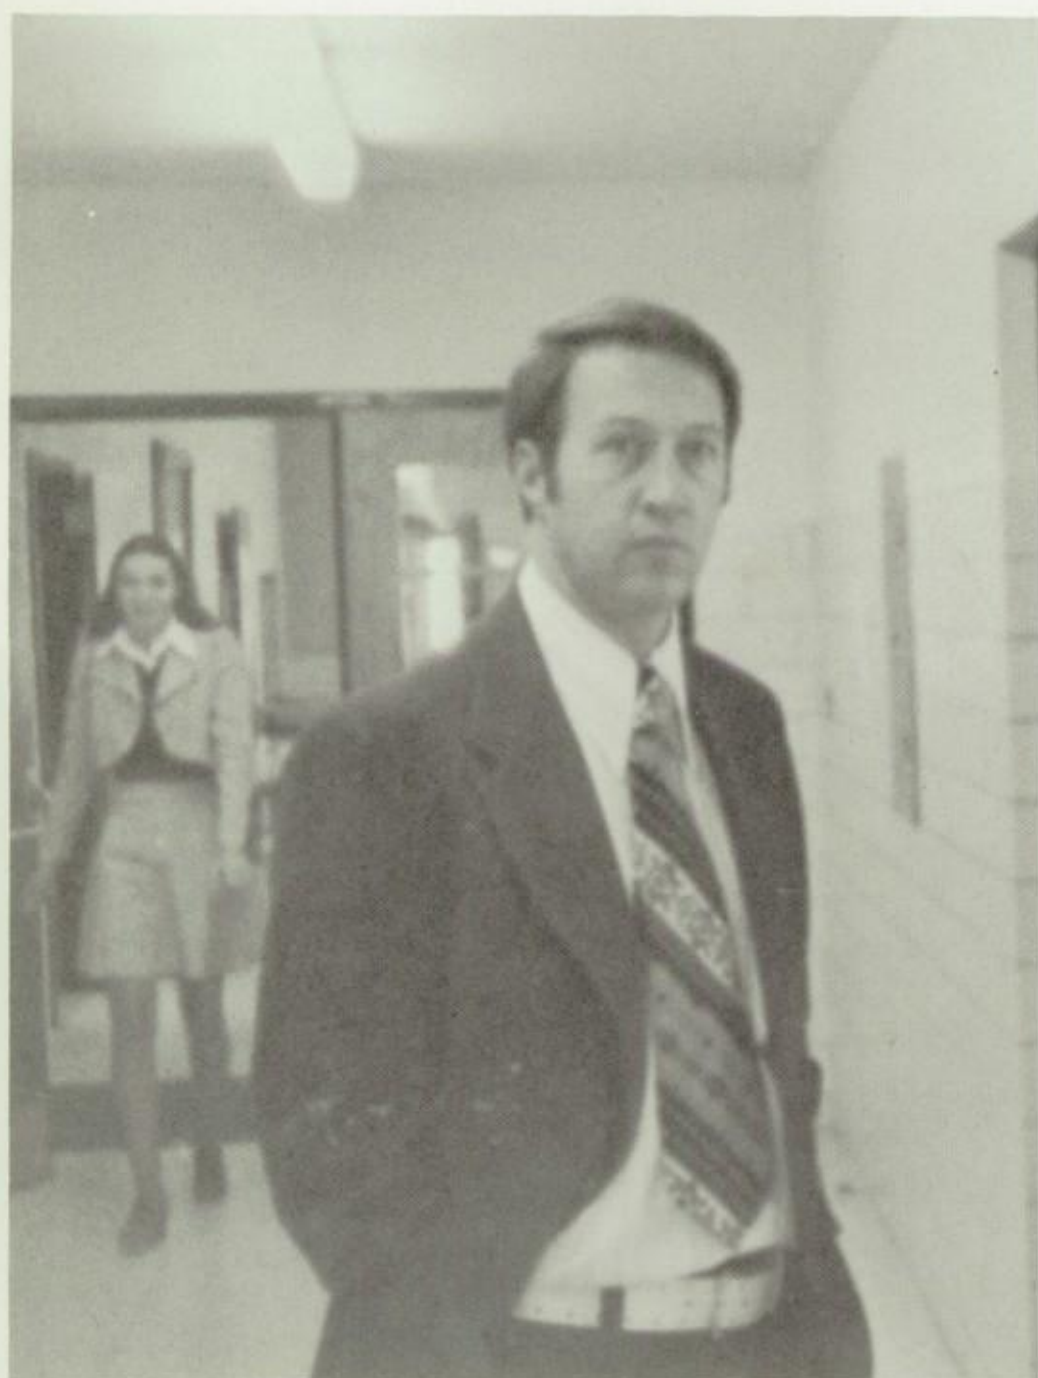

CLAP! CLAP! CLAP! "Children, children, children . . . I thought Seniors knew how to act!" This is a cry often heard from inside room 101, but won't be heard any more.

Mrs. Mary Alma Board, we the Senior Class of 1975 proudly dedicate our annual to you.

The tennis team at Auburn has been very active the past three years. They have won the State A Tennis Championship for two consecutive years and hope to repeat this feat again this year. Many hours of hard dedicated practice have gone in to make our tennis team what it has been and what it is now.

Satire '75

Now it's time for us to do some real, heavy thinking about our attitudes toward our athletic program. Years ago people would rise from their seats and cry, "We're undefeated!" would echo through the gym. Crowds would gather on hilltops and in ditches to vocally encourage their runner to pass that guy ahead. They flocked from all around to cheer their teams on even though our gym was crampy and uncomfortable and the weather wasn't exactly perfect.

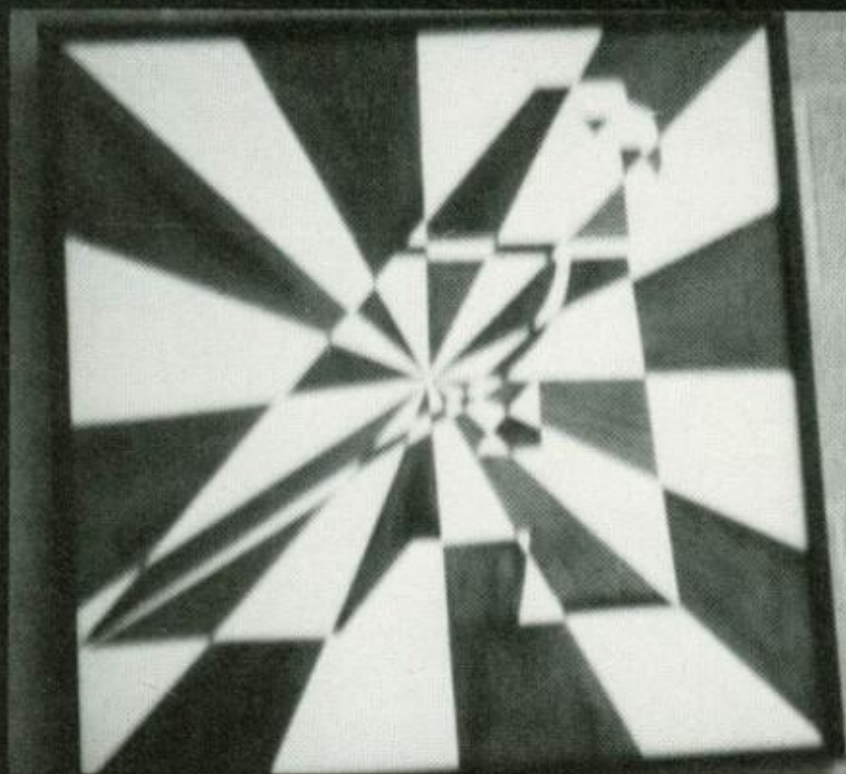

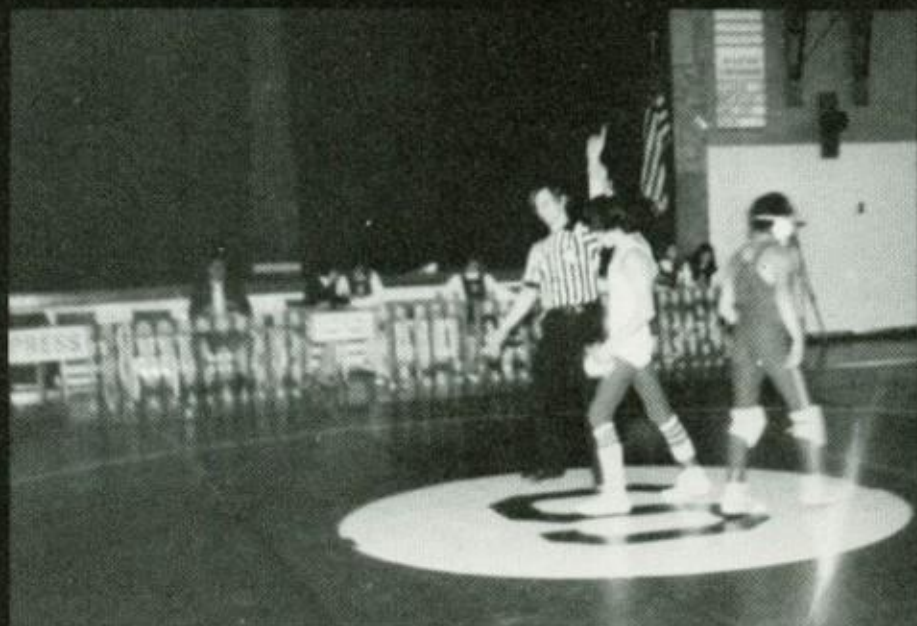

Crowds and student participation have diminished in spite of a great new gym and other athletic facilities provided for us. People who have waited for a dedicated team to burst on the scene and win it all are tired of waiting. Those who just wait idly could wait forever.

How people feel about the team changes, like nature, in every season. Their active support would be like a sculptured landmark to the teams or their passive "I don't care . . ." attitude would be a great stumbling block. The people who don't care are easier to see.

But before the echoed cry, "We're number 1", can be heard throughout our school we must instill within ourselves the pride and dedication it takes to be on top. Hard work, practice, and sincere dedication within ourselves can give our school those teams again. The seed we must sow now will be the victory our school will reap in the end. Then our crowds will increase and our spirit will enlarge. We will be Number 1!

We finally made it: gained a few, lost a few, did what we had to — extra credit for Mrs. Winbery, "Do you think 50 points will be enough for this six weeks?" . . . "Mrs. Sanchez, I can't do this, some of my best friends are frogs!" . . . Class rings, where are they? . . . Bake sales in the rain . . . The frequent comment of "Where's Auburn High School? . . . Making apple butter — the bottom of the kettle fell out! . . . Class quarrels over everything — Please pay your dues . . . We had many "seasons in the sun" . . . Remember the dance when the lights were out and the band got drunk — best dance Auburn ever had! . . . Can you believe we are seniors, I don't feel any different, do you? . . . Senior pictures — Does my hair look okay?; Will this thing fall off? My tux is too big . . . We're finally out of debt, can you believe it? . . . The prom is paid for! . . . Will someone please try out for the Christmas play? . . . Reaching for success, and being tall enough.

Two Friends

I have something to tell you.
I'm listening.
I'm dying.
I'm sorry to hear.
I'm growing old.
It's terrible.
It is, I thought you should know.
Of course and I'm sorry. Keep in touch.
I will and you too.
And let me know what's new.
Certainly, though it can't be much.
And stay well.
And you too.
And go slow.
And you too.

The ink is black
The page is white
Together we learn to read and write
A child is black
A child is white
The whole world looks upon a sight
A beautiful sight.

And now a child
Can understand
That this is the law of all the land.

The world is black
The world is white
It turns by day, and then by night
A child is black
A child is white
Together they grow
To see the light
To see the light

And now at last
It's plain to see
They will have a dance of liberty.

The ink is black
The page is white
Together we learn to read and write
A child is black
A child is white
The whole world looks upon a sight
A beautiful sight.
